

To enter the university, you must submit the following documents to the admission committee of IIDE:

- Application addressed to the Rector of BNTU;
- The original certificate (document) of education (with the exception of persons studying at a higher education institution and entering for a second and subsequent higher education, as well as persons entering a distance form of education) indicating the subjects studied and the grades (points) received, subject to the recognition in the established order of these documents in the Republic of Belarus;
- Medical conclusion (full medical check up conclusion) about health condition issued by the official authority body of the country the student arrived from;
- HIV test certificate issued by official health authority of the country the applicant is from;
- Original (copy) of the birth certificate and (or) other document confirming the date of birth and citizenship - for underage applicants;
- Certificate of graduation from the faculty of pre-university training, preparatory department, preparatory courses of the Higher Educational Institution - in cases of their completion;
- 4 photos (3x4 cm).*

Persons studying at the Higher Educational Institution and entering for the second and subsequent higher education, as well as persons entering the distance form of education, may submit a copy of the certificate (document) of education.

The listed documents, executed in a foreign language, are simultaneously accompanied by a notarized translation into Belarusian or Russian.

Foreign citizens and stateless persons entering in accordance with the international treaties of the Republic of Belarus, at the expense of grants for education, can provide original documents to the selection committee upon arrival in the Republic of Belarus before the start of the academic year.
